Dear Mr Baron,

Thank you for your reply, dated 3 December 2008, and for the enclosed items.

As you may be interested in it, I here enclose photocopies of correspondence between Foxhayes (solicitors acting for me) and 'Searchlight'. Subject to whatever cost Foxhayes quote me for barrister's Opinion, I will go that far but probably no further on the civil side for reason of cost. In that event I will try to get the police to prosecute 'Searchlight' for criminal libel, and, if the police will not act, consider my own private prosecution.

With good wishes for Yuletide,

A handwritten signature in blue ink, appearing to read 'Colin Jordan', with a stylized, cursive script.
